

I've participated in numerous school initiatives: Stuco, ambassador council, tutoring, programming, robotics, and president of ymfm. My aim was, inspire, lead, and foster a supportive community, promote school spirit, volunteering, and cultural diversity with ymfm music. I led iftar prayers to promote inclusivity and overcome barriers and connected with other schools to expand our robotics program, played volleyball, and supported teachers and students through volunteering and tutoring.

As an active member in my school and community, as I supported Canadian veterans and led 200 cadets. My hard work and dedication earned me mentorship, the Canadian Legion Medal of Excellence, and recognition for community involvement. I expanded our school's robotics team by reaching out to other schools, organized community events, volunteered at food banks, and organized drives for used belongings. I'm proud to have made a positive impact and contributed to helping others.

I am proud to have participated in a wide range of school initiatives, including Stuco, ambassador council, tutoring, programming, robotics, and serving as the president of YMFM. My goal was to inspire, lead, and foster a supportive community, while promoting school spirit, volunteering, and cultural diversity through the use of YMFM music. I led Iftar prayers to encourage inclusivity and break down barriers, reached out to other schools to expand our robotics program, played volleyball, and volunteered my time to support teachers and students.

I've gained experience in numerous school initiatives: Stuco, ambassador council, programming, robotics, and YMFM president. My focus was on building a supportive community, promoting school spirit, volunteering, and cultural diversity through YMFM music. I led Iftar prayers overcoming barriers and expanded our robotics program by connecting with other schools. Additionally, I volunteered as a tutor supporting teachers and students.

My goal was to inspire, lead, and foster a supportive community, while promoting school spirit, volunteering, and cultural diversity through the use of YMFM music. I led Iftar prayers to encourage inclusivity and break down barriers, reached out to other schools to expand our robotics program, played volleyball, and volunteered my time to support teachers and students.

I've gained experience in numerous school initiatives: Stuco, ambassador council, programming, robotics, and YMFM president. My focus was on building a supportive community, promoting school spirit, volunteering, and cultural diversity through YMFM music. I led Iftar prayers overcoming barriers and expanded our robotics program by connecting with other schools. Additionally, I volunteered as a tutor supporting teachers and students.

I've participated in numerous school initiatives: Stuco, ambassador council, tutoring, programming, robotics, and president of ymfm. My aim was, inspire, lead, and foster a supportive community, promote school spirit, volunteering, and cultural diversity with ymfm music. I led iftar prayers to promote inclusivity and overcome barriers and connected with other schools to expand our robotics program, played volleyball, and supported teachers and students through volunteering and tutoring.

As an active member in my school and community, as I supported Canadian veterans and led 200 cadets. My hard work and dedication earned me mentorship, the Canadian Legion Medal of Excellence, and recognition for community involvement. I expanded our school's robotics team by reaching out to other schools, organized community events, volunteered at food banks, and organized drives for used belongings. I'm proud to have made a positive impact and contributed to helping others.

I am proud to have participated in a wide range of school initiatives, including Stuco, ambassador council, tutoring, programming, robotics, and serving as the president of YMFM. My goal was to inspire, lead, and foster a supportive community, while promoting school spirit, volunteering, and cultural diversity through the use of YMFM music. I led Iftar prayers to encourage inclusivity and break down barriers, reached out to other schools to expand our robotics program, played volleyball, and volunteered my time to support teachers and students.
